Introduction

This is a very easy and very fun game that can be played with kids and adults at the same time.

Equipment Needed

- 8 to 30 People
- 1 Dodgeball
- 1 Basketball Court

Win Condition

Be the last man standing.

Setup

Place 1 player with the ball in the middle of the court. The other players line up around the outside of the court (as far away from the mid player as possible).

How to Play

The mid player with the ball counts down from 5 to let the other players know the game is beginning. Once he reaches 0, he can throw the ball in an attempt to hit another player.

If a player is hit, they are removed from the game. They are out completely.

Once the ball has been thrown, ANY PLAYER can pick up the ball and throw it to get another player out.

While you possess the ball, you can only pivot, you cannot walk or run.

Play continues until there is 1 player remaining, who then gets to start the next round.

The Storm

Once there are 5 or more players out, they spread out, with their arms out, making a wall - along the end of the court and create "The Storm".

They slowly walk forward thereby shrinking the size of the playable court. They continue to do this until there is $\frac{1}{4}$ of the court left, where they stop and allow the game to finish.

Storm players try to keep the ball in the playable area.

If the ball goes out into the Storm, any player can go grab it and bring it back in.
